### Precious Little One

My dear baby boy there will never be a day that goes by where I don't think of you day in and day out. I miss your handsome big eyes when you get surprised your cries when you're hungry and sleepy, the precious sounds you used to make. I know you're in a better place. I'm just sad you're gone away.

### The Brothers

Today is full of memories. For you were someone special and there is so much pain letting you go. That is why this special message is sent to heaven above for the angels to take care of you and give you all our love.

**Love Jaylanis and Zykell**

Although you didn't get the chance to grow, where you're headed, your soul isn't small. In fact it's very big and tall. You have gone to answer a call from the one who carries us all. As we look to the skies, you'll be waiting there in the heart of a rose. Even the whisper of a prayer with your newly gained wings. To some you're gone but you're never alone because without a shadow of a doubt...you made it to your eternal home right there at the Savior's throne.

**Love you ant, forever and always...Nanny**
