“ *My heart aches for that sweet little boy who handed his "future wife" a Christmas present in the hallway in 1st grade. This world was a much better place with you in it and there is definitely a void that will never be filled. I am so very proud to have known you and to know that you cared for my girl as you did. She was so lucky to have a friend like you. All of your friends were lucky to have you. There is nothing I wouldn't give for us all to have you back but I hope we meet again, somewhere in a better place. There will never be another you. Love Always, YFMIL*
