“ We always had conflict when it came to my mom but always like couple days later talk like nothing happened all the stuff we went through over my 40 plus years and all the stuff you put the family through somehow ppl forgave you and ain't gon lie I hated you for that ppl told me that I was gonna be like you but I told them I wasn't but in ways we was the same but realize doing some the opposite of what u did made me a different man so I have to thank you making me into the man I'm today and I came over mom we talk got a different vibe from you that broke me down inside no matter what I told myself you was in my heart even I tried to shut you out u found a way I. My heart but seeing you go through pain see how you walk and moves around my heart got sadden and when I heard the new I was like ok but took ppl around to bring it to my attention without you I wouldn't have the wonderful kids I have and I love for that and when I seen u in the bed like that all the stuff we went through didn't matter cause realize we had a strange son father relationship and all my feelings was stronger then I knew go rest now tell stinka I said hi. Love you Rail Seay
