“ *I have always been reluctant to call someone my friend, so when I do, it means I trust you and you are and will always be special to me. From the first time I met you I knew you were special. That grin and laugh always made me smile even on my bad days. You lived, loved, worked, and played hard. You leave behind so many people who truly loved you. I will forever love and miss you. See you on the other side my friend. 💙🕊️*

“ I sure do miss him. There was never a time that I was at paws and he said how are you girl and I love you. I will never forget the conversations we had. We sat in garage and listened to music together and talked as he grilled Father's Day the conversations we had will never be forgotten. Fly high uncle Johnny until we meet again.

“ Some of my favorite memories of my cousin Johnny was growing up with him in Nashville and his momma, my Aunt Anita, babysat me at their house on Winford while my momma and daddy played softball. We are many meals together, French toast, honey smacks was his favorite when he was little!! He was always on the go and never sat still for very long at all! So I was there a lot.

*I watched him grow and become a young boy and then teenager.*

*Then I moved to Hartsville when he was in 8th grade and I was in 7th. I thought I was cool having an 8th grade cousin. school wasn't for Johnny so he quit and went to work and stayed his family. He was a special cousin and loved all his cousins very much and we knew it and still know it!*

*We were always close and he was always laughing, smiling and the happiest go lucky person in the world!!*

*He will be missed by all of the cousins for certain, but also uncles, aunts, daddy, children and others that have helped him live this life to the fullest!!*

*Johnny Reb was what my daddy called him and to me he will always be Johnny Reb!*
