“ Up until around the 5th grade, I use to tell people that I was going to grow up to be Tall, Dark and Skinny. They use to just smile at me and probable wonder "what in the world is she talking about?" lol. The reason why is because those people who have met me, know that I look totally the opposite. But until about the 5th grade I grew up believing that Michael Jerome Beavers was my biological father. An there was nothing anybody could tell me differently. I was always treated by him and the rest of the Beavers family as such and I love each and every last one of them for it. This man gave me so much more than my biological father ever did or probably ever would. By allowing his sister (Aunt Achimah) and his mom to name me when I was born. Even though Michael knew before I was born that I wasn't his child, he still gave me the name of Beavers!!!! And for that I say I Love and Thank you with all my Heart. oxox
