“ *I can remember back when Monica was younger and she came out for youth football with my little brother Greg. It seems like yesterday I was at the football field on Saturdays watching them play pee wee football together, I will never understand why certain special people have to leave this earth so young but it's not for us to understand, God needed them so he took them home and I am certain that I will get to see them again one day.*

“ Sweet girl you finally got your wings and your spirit soars. I know you now know, what I already knew God doesn't make mistakes your purpose was way beyond what you realized in life. You touched so many with your heart and smile and truly inspired beyond your realm of understanding. My heart will forever be broken over this and as I promised I will love you forever and you will always be my girl. When its my time I know you will be there to greet me with a hug and a smile.
